Amendments to the Claims

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

1-5 (canceled)

7-20 (canceled)

21. (new) A structure to form a cooling mattress for supporting and cooling a sunbather while sunbathing, the structure comprising:

a plurality of pads and a plurality of fasteners, the fasteners adapted for interconnecting the pads to one another to form the mattress;

each pad comprising a liner defining a cavity and a cooling medium deposited within the cavity, the pad comprising first and second surfaces and first and second ends, the first surface on one side of the pad for supporting a sunbather lying or sitting on the pad, the second surface on the opposite side of the pad from the first surface, the first and second ends spaced by the length of the pad, the length of the pad substantially greater than the thickness of the pad;

the pads arranged facing one another to form a stack of pads, sides of the pads in the interior of the stack whereby the height

Confirmation No. 7490

of the stack is defined by the thickness of the pads, the height of the stack less than the length of the mattress formed by the pads whereby the pad stack provides a compact structure for storage, chilling and transport of the pads.

22. (new) The structure of claim 21 wherein the fasteners permanently connect the pads together.

23. (new) The structure of claim 21 wherein the fasteners are comprised of detachable connectors.

24. (new) The structure of claim 23 wherein the detachable connectors are comprised of hooks and loops connectors.

24. (new) The structure of claim 21 wherein the pads are in a container.

25. (new) The structure of claim 24 wherein the container is an insulated bag.

26. (new) The structure of claim 21 comprising a strap attached to the container.
